# Appropriate use of HEALTHe NL

## Privacy and security details to keep in mind when using HEALTHe NL . . .

Patient information on HEALTHe NL must only be accessed by the patient's health care team for:

- the purpose of providing or assisting in providing health care to the patient; or,
- as authorized by Newfoundland and Labrador Health Services (NLHS).

Unless your regulatory body permits, you may not access your own personal health information on HEALTHe NL for any purpose.

To use HEALTHe NL for any other purpose, such as research, evaluation, or quality assurance, you must contact **InfoRequests@nlchi.nl.ca**.

You may not share or use another person's login credentials to access HEALTHe NL. Contact **service@nlchi.nl.ca** to request additional access credentials or to make changes to your account.

You must report all real or suspected breaches of personal health information or **eHealth Systems Terms and Conditions** to the NLHS Privacy Team **privacy@nlchi.nl.ca**.

*\*This protocol is applicable to all users of all systems operated by NLCHI.*
